SIT.IT CLASSIC

design SERGIO BELLIN DORIGO DESIGN

SitLand®

THE MODERN CLASSIC

Sit.it Classic is the "evergreen" collection. A product defined by essential lines and valuable finishes.

STANDARD CLASS

From the executive model, to the manager and meeting versions with casters or fixed gliders: Sit.it Classic furnishes different spaces with style and elegance.

THE MECHANICS OF COMFORT

Sit.It Classic can be equipped with different types of mechanisms, according to the needs. In the top version, Sit. it Classic features a dynamic knee tilt mechanism of new generation lockable in 5 positions and anti-panic system. The tilt tension can be adjusted by a practical side handle, according to the user's weight.

COMFORTABLE AND STURDY

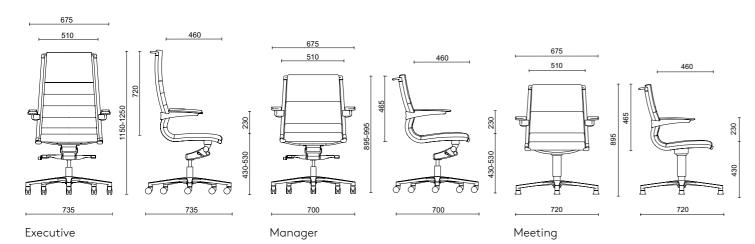

In addition to its sought-for aesthetics, Sit.It Classic is also sturdy and comfortable thanks to the cushions manufactured individually, with pad in flexible polyurethane, crushproof, with different density for higher comfort. The structure in high-resistance steel ensures optimal durability in time.

ELEGANT ALSO IN THE DETAILS

Sit.It Classic outer structure is in shiny and chromed aluminium with an elegant rear handle at the top of the back, to favour movements. The fixed cantilever arms match the structure and can be upholstered with a top in the same material as the armchair. Different types of upholstery, bases and casters offer the possibility to choose the most suitable version for your needs.

PCON.PLANNER

It will be possible to configurate our model Sit.It Classic by using pCon.planner program for the design of 2D an 3D environment.

pCon.planner allows to design working solutions in a fast and intuitive way, creating "realistic" images with advanced features, with a considerable saving of time and resources.

It is easy to start using pCon.planner: after downloading the software in the proper page, it is possible to download pCon. catalog, the practical online catalogue of products ready to be set up according to anyone's need, and then include the products in the projects.

For more information on the use of pCon. planner and the access to the products of the SitLand's catalogues, please contact com@sitland.com

WARRANTY

Sit.It Classic has 5 years warranty. For any further detail, please contact SitLand's customer service at service@sitland.com

MORF **INFORMATIONS**

or see our Sit.It Classic page into our web site www.sitland.com

D.Lgs. 81/2008 **CERTIFICATION**

Sit.lt Classic comply with the italian norm Dgls. 81/2008.

UNI EN 1335 **CERTIFICATION**

Sit.It Classic comply with the norm UNI EN 1335-3

The work conditions and the protection of the people at work, as far as safety and health are concerned, provide that "the office chairs" are produced according to the ergonomic principles and the functionality requirements contained in the following norms: • UNI EN 1335-1, dimensions and and definitions of the dimensions; • UNI EN 1335-2, safety requirements •UNIEN1335-3, test rpocedures for the safety The chairs are classified in three different classes according their specific performance and dimentional characteristics: • Class A considers the more restrictive

- dimensional requirements and mostly respect the anthropometric dimensions from 5 to 95% of the population. • Class B considers the middle requirements among the classes, respecting the minimum requirements requested by D.Lgs. 81/2008.
- Class C considers the minimum requirements.

The tests performed are:

on the Sit.It Classic executive with 5 star die-cast aluminium base.
